

Practical 1(Creation of AWS Login)

Name: Arpita Rajput

Reg. No. : 22MIP10001

Subject: AWS Cloud practitioner

Date: 14/02/2025

Step 1: Signing up for AWS

English ▼

Explore Free Tier products with a new AWS account.

To learn more, visit aws.amazon.com/free.

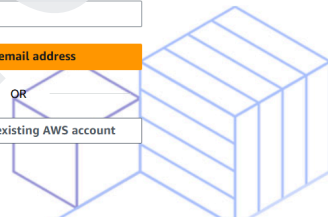

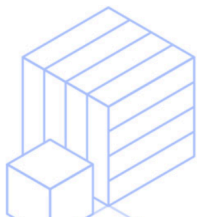

Sign up for AWS

Root user email address
Used for account recovery and some administrative functions.

AWS account name
Choose a name for your account. You can change this name in your account settings after you sign up.

OR

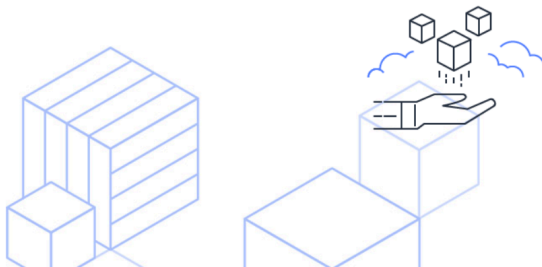

Step 2: Confirming the Email with OTP

English ▼

Explore Free Tier products with a new AWS account.

To learn more, visit aws.amazon.com/free.

Sign up for AWS

Confirm you are you

Making sure you are secure -- it's what we do.

We sent an email with a verification code to arpitaji@gmail.com. (not you?)

Enter it below to confirm your email.

Verification code

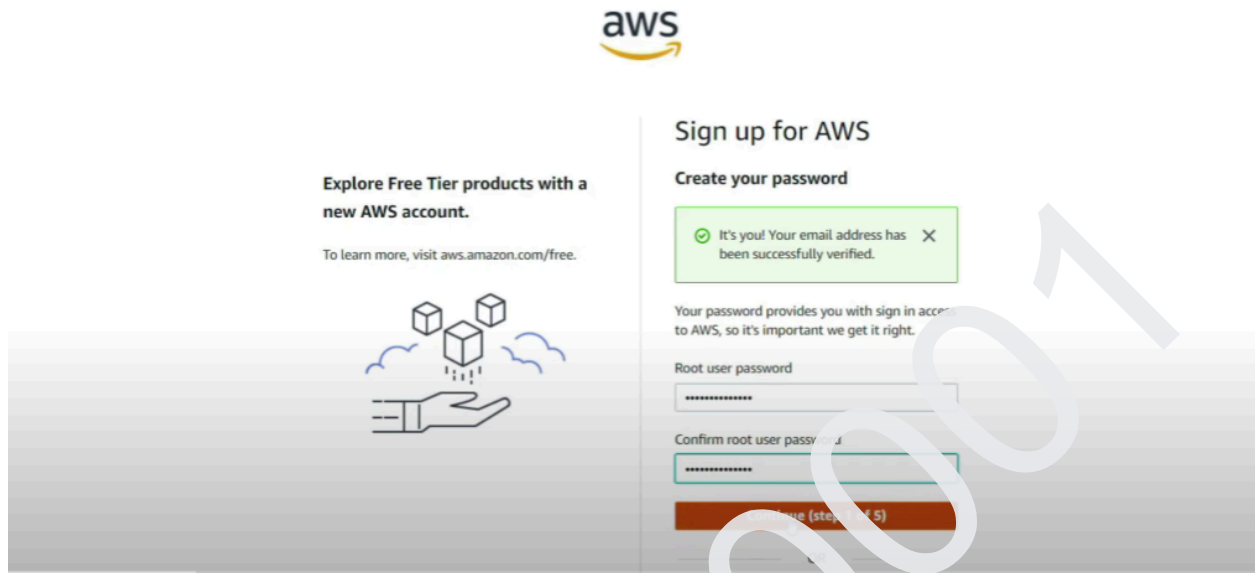

Verify

Resend Code

Didn't get the code?

- Codes can take up to 5 minutes to arrive.
- Check your spam folder.

Step 3: Create a password

The image shows the AWS sign-up interface for creating a password. The AWS logo is at the top center. On the left, there is a section titled "Explore Free Tier products with a new AWS account." with a link to aws.amazon.com/free and an illustration of a hand holding three cubes. The main section is titled "Sign up for AWS" and "Create your password". A green success message states: "It's you! Your email address has been successfully verified." Below this, a note says: "Your password provides you with sign in access to AWS, so it's important we get it right." There are two password input fields: "Root user password" and "Confirm root user password", both masked with dots. A red "Continue (step 4 of 5)" button is at the bottom right. A large, light gray watermark "22MIP10001" is diagonally across the page.

aws

Explore Free Tier products with a new AWS account.

Sign up for AWS

Create your password

It's you! Your email address has been successfully verified.

Your password provides you with sign in access to AWS, so it's important we get it right.

Root user password

Confirm root user password

Continue (step 4 of 5)

Step 4: Fill Contact Information

| Free Tier offers | Contact Information |
|--|---|
| <p>All AWS accounts can explore 3 different types of free offers, depending on the product used.</p> <div>Always free Never expires</div> <div>12 months free Start from initial sign-up date</div> <div>Trials Start from service activation date</div> | <p>How do you plan to use AWS?</p> <p><input type="radio"/> Business - for your work, school, or organization</p> <p><input type="radio"/> Personal - for your own projects</p> <p>Who should we contact about this account?</p> <p>Full Name</p> <input type="text" value="Gaurav Sharma"/> <p>Phone Number</p> <div> +91 <input type="text"/></div> <p>Country or Region</p> <input type="text" value="India"/> <p>Address</p> <div><input type="text"/> <input type="text"/> <input type="text"/> etc.</div> <p>City</p> <input type="text"/> <p>State, Province or Region</p> <input type="text"/> |

Step 5: Console DashBoard

The screenshot displays the AWS Management Console Home dashboard. The top navigation bar includes the AWS logo, a search bar, and the current region (Asia Pacific (Sydney)). The dashboard is divided into several sections:

- Console Home**: Includes a "Reset to default layout" button and an "Add widgets" button.
- Recently visited**: A list of services recently accessed, including IAM, EC2, Athena, AWS Glue, S3, CloudShell, and Billing and Cost Management. A "View all services" link is at the bottom.
- Applications (0)**: A section for managing applications. It shows the current region (ap-southeast-2) and a "Create application" button. A message states "No applications. Get started by creating an application." with another "Create application" button.
- Welcome to AWS**: A section for new users.
- AWS Health**: A section for monitoring the health of AWS services.
- Cost and usage**: A section for monitoring AWS costs and usage.
